1. First of all, the term "health guarantee" isn't quite proper. Nobody can guarantee that anything living won't get sick, whether cats, dogs, or even humans. So think of it as a health warranty. You are spending time locating a beautiful cat, and you'll invest time, care, money, and love in your new companion. You deserve a reasonable degree or protection. **We guarantee that kitten left our cattery healthy.**

At Flying Folds, our health guarantee consists of two parts:

1. The Flying Folds Cattery guarantees the health of said cat/kitten upon pick-up from the cattery or upon the time of shipment for a period of forty-eight (48) hours. If you have other cats or especially dogs, we suggest you place the new arrival in quarantine during this time. This time period begins at the point that the cat/kitten leaves the possession of the Flying Folds Cattery, whether it is at the cattery or at some point of shipping. The cat/kitten, if shipped, comes to you with a veterinarian's health certificate and a record of vaccinations and deworming. Cat/kitten must be taken to your own veterinarian (at Buyer's expense) within the first 48 hours for your own

Lost or stolen mail does not constitute receipt. Some Veterinary provide free pet exams for new kittens, VCA Hospitals vcacanada.com have lots of location, they provide free pet exam, please call them and ask.

Some kittens are very rare, for example Lilac Scottish Fold boy with folded ears. Buyer can request another kitten with equal or lesser price.

4. Warranty does not cover fixable defects with surgery, for example cryptorchidism. Only unfixable defects covered.

5. Any issues caused by anesthesia or surgery not covered by FlyingFolds and must be addressed to the veterinary.
